Cattery Name

Fujicats

Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?

We are a small home-based hobby cattery in Phoenix Arizona, USA.

We breed high quality Devon Rex that comply with CFA standards.

We have been showing and breeding in CFA since 1996. Our Cattery is CFA Superior Cattery of Distinction. Over the years we have produced and shown multiple well known and winning cats. We are very proud of our breeding program. Our cats are found around the world in different breeding programs.

Breeding cats are screened for the following:

- HCM bi-annually
- PKD
- CMS

What age do you release a kitten to a new owner?

We place our kittens at the minimum of 16 weeks of age.

What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.

ALL of our kittens are spayed/neutered prior to going to their new forever homes.

Microchipping offered?

yes

Declawing policy (describe)

We DO NOT believe in de-clawing.

What is your immunization schedule for kittens?

We provide 3 kitten immunizations and de-worming before our kittens will go to their new homes.

Do you offer a contract or health guarantee to a buyer?

yes

Please describe your shipping policy and practice.

We prefer not to ship if at all possible.

Since we live in a very warm climate, we will never ship in late Spring and Summer.

We always prefer to meet people in person prior to letting our kittens go.

Many of our adopters fly with our kittens in cabin.

Do you offer assistance with return, rescue or re-homing of your own cats?

yes

Do you have a written application for a potential buyer?

yes

Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.

Over the years we have mentored many very successful breeders.

We do work with people who are willing to be mentored first to determine if breeding Devons is the right thing for them.

We work with many colors. Our specialty is Bi-Colors.
