Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?

Yes, Cats NSW & Ancats

Please describe your experience with breeding cats.

We have a very small cattery with only 1 or 2 breeding females. Each queen is limited to no more than 1 litter per year or less. All our cats live indoors with us. They are part of our family. We also have a long hair chihuahua so the cats are used to living with other furry friends.

Breeding cats are screened for the following:

- PKD
- CMS
- FeLV
- FIV

Are test results provided to buyers?

No

What age do you release a kitten to a new owner?

No earlier than week 12 or 13, depending on the timing of vaccinations and desexing

What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.

We have kittens neutered before they leave for their new home

Microchipping offered?

Yes

Declawing policy (describe)

Declawing is illegal in Australia

What is your refund policy?

We refund the cost of a kitten if not suitable and returned within 30 days. After 30 days we will either assist with having the kitten rehomed or will take it back at any time.

Do you offer a contract or health guarantee to a buyer?

Yes, contract and health guarantee

Please describe your shipping policy and practice.

We do not ship interstate or overseas

Do you offer assistance with return, rescue or re-homing of your own cats?

Yes

Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.

We have a very small cattery in our household so we have minimal chance of health problems often caused by cross-contamination of bacteria and viruses. We do not usually ship interstate as we like to meet intending owners for suitability and have them meet kittens before the the kittens leave for their forever home.
