Lochmaere

Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?

Our cats are primarily shown in TICA and ACFA.

We are a mini cattery. All our kittens are raised under foot in either my house or my sisters or brothers. All our Devons are kid friendly and family oriented. We are located in Chicago Suburbs, St. Louis, and Northwest AR. We love our babies and prefer pet homes for them. We do occasionally sell one for show but usually keep these ourselves. Prefer email contact rather than phone.

Breeding cats are screened for the following:

- FIV

Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.

We work with Pointeds, minks and other regular colors. All of my breeder cats have been genetically tested and are free of any harmful genetic issues.
