Cattery Name

Rex n Roll

Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?

I show at CFA shows

Please describe your experience with breeding cats.

I'm just starting out but have a very experienced mentor in Robin Robertson of Devine Devons. I have had one breeding in May 2019 and am expecting kittens in late October. .

Breeding cats are screened for the following:

- PKD
- FeLV
- FIV

Are test results provided to buyers?

No

What age do you release a kitten to a new owner?

16 weeks

What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.

I spay/neuter all pet kittens. Cats that are going to established breeders will be intact if requested.

Microchipping offered?

Yes

Declawing policy (describe)

Never! And I will not sell cats to anyone who plans to declaw.

What is your refund policy?

Refunds for genetically transmitted problems only. But I will take back any cats that do not work out for their owners.

Do you offer a contract or health guarantee to a buyer?

Yes, contract and health guarantee

Please describe your shipping policy and practice.

I do not ship cats via cargo. Cats must be hand carried by owner, myself, or a human courier.

Do you offer assistance with return, rescue or re-homing of your own cats?

Yes

Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.

I primarily am working with pointed colors. My current queen is a red lynx point, my sire is a blue point. Kittens (as of October 2019) from that breeding are red point males and calico pointed females.
