Cattery Name

North Star Devons

Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?

Will definitely be more involved in showing with both TICA and CFA once the pandemic is under control.

Please describe your experience with breeding cats.

NOTE: Our breeding program is on hold as of January 2023 - we have no kittens or cats available.

We are a small cattery with our beautiful cat parents coming from strong and healthy European lines and as newer breeders, we are blessed to have encouraging guidance from local and overseas' breeders. We have a great potential to raise our baby kittens well socialized, and abundantly loved!

Breeding cats are screened for the following:

- PKD
- CMS
- FeLV

Are test results provided to buyers?

Yes

What age do you release a kitten to a new owner?

at or after 16 weeks of age

What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.

Pet quality kittens may come to you already spayed or neutered - or will be contracted to undergo desexing prior to age 12 months

Microchipping offered?

Yes

Declawing policy (describe)

Declawing is absolutely discouraged, please don't get a kitten from us if you plan on declawing

What is your refund policy?

Kittens may be returned for any reason for a full refund within ten days. Any of our Cats may be returned to us any time after that but no refund will be given and we will work on placing such cat into a good home.

Do you offer a contract or health guarantee to a buyer?

Yes, contract

Please describe your shipping policy and practice.

Would prefer new owners to be able to get their kittens from us directly, or to send a trusted courier. Possible delivery by breeder may potentially be discussed, as well.

Do you offer assistance with return, rescue or re-homing of your own cats?

Yes

Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.

NOTE: Our breeding program is on hold as of January 2023 - we have no kittens or cats available.

We fell in love with these exceptional cats while visiting a friend who breeds Devons in Sweden a while back. With continuous research and guidance, we are enthusiastic to add to the development of this wonderful breed and share our love and devotion with the new humans about to become "owned" by Devons!
