**Cattery Name**

Menski de Von

**Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?**

Our cattery is registered with the FIFe and World Cat Federation (WCF) . Therefore, we regularly take part in FIFe, WCF cat shows. Cats of the cattery receive titles and awards.

**Please describe your experience with breeding cats.**

I have been breeding Devon Rex cats since 2015. I have a diminologist felinologist and continue to develop through new seminars and courses. My articles were published in famous felinological publications: "Кошки.info", "Друг". Our kittens live in our home underfoot and are well-socialized with adults, other cats and dogs. My cats sleep with me in bed and move freely with our dog.

**Breeding cats are screened for the following:**

- FeLV
- FIV

**Are test results provided to buyers?**

Yes

**What age do you release a kitten to a new owner?**

The kitten does not go to a new home earleier then 3-4 months. Our kittens are vaccinated and microchipped. The boys are castrated.

**What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.**

All boys are castrated.

**Microchipping offered?**

Yes

**Declawing policy (describe)**

For me, the operation to remove the claws is unacceptable.

**What is your refund policy?**

It is possible to return a kitten or monetary compensation under the contract.

**Do you offer a contract or health guarantee to a buyer?**

Yes, contract

**Please describe your shipping policy and practice.**

Kittens of the cattery live in Europe, Scandinavian, USA, Canada and even in Asia. I help in finding a courier and make documents for departure.

**Do you offer assistance with return, rescue or re-homing of your own cats?**

Yes

**Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.**

I specialize in breeding Devons of the modern extreme type. About half (or more;) of my kittens are sold for breeding and show. I always try to help with advice and keep in touch.
