**Cattery Name**

CharmedPurr Devon Rex

**Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?**

CFA and TICA when time permits

**Please describe your experience with breeding cats.**

I started breeding in 2013 and before that I did foster and rescue. I wanted to start breeding due to the bad experiences I had in the past with purebred cats and breeders, I was certain there had to be a better way of doing things and I was right. Only working with healthy lines and healthy cats is the key to a successful breeding program.

**Breeding cats are screened for the following:**

- HCM bi-annually
- PKD
- CMS
- FeLV
- FIV

**Are test results provided to buyers?**

Yes

**What age do you release a kitten to a new owner?**

16 weeks

**What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.**

Kittens are altered before leaving.

**Microchipping offered?**

Yes

**Declawing policy (describe)**

Do not allow declawing- question on application and written into contract

**What is your immunization schedule for kittens?**

FVRCP 9 weeks, 12 weeks, 15 weeks

**What is your refund policy?**

If there is a genetic issue, I will offer a replacement kitten.

**Do you offer a contract or health guarantee to a buyer?**

Yes, contract and health guarantee

**Please describe your shipping policy and practice.**

I will either travel with kitten to their new home at buyer's expense or I have a pet nanny who will travel with at buyer's expense.

**Do you offer assistance with return, rescue or re-homing of your own cats?**

Yes

**Do you have a written application for a potential buyer?**

yes

**Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.**

TICA and CFA member. I work very closely with my vet to ensure the healthiest cats and kittens possible. Health and temperament and quality (breed standards) are the most important attributes to my breeding program. Continued contact and support with my buyers before and after they get their kitten/cat. I do weekly photos of kittens so buyers can watch their kittens grow up.
