Cattery Name

Megarex

Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?

We have been showing in both TICA and CFA since 1997.

Breeding cats are screened for the following:

- HCM annually
- PKD
- CMS
- FeLV
- FIV

What age do you release a kitten to a new owner?

Kittens may go home between 14-16 weeks of age.

What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.

All kittens are spayed or neutered before leaving the cattery.

Microchipping offered?

yes

What is your immunization schedule for kittens?

Our kittens are vaccinated by our veterinarian at 8 weeks and 12 weeks of age.

Do you offer a contract or health guarantee to a buyer?

yes

Please describe your shipping policy and practice.

We do not ship pet kittens via air cargo. You must pick up your kitten in person. Most of our kittens are placed within a few hours' drive, so that people have the opportunity to come and meet the kittens before making a decision. However, for those for whom multiple long car trips are a challenge, or who must fly here for pickup, we are available by video chat/Skype as well.

Do you offer assistance with return, rescue or re-homing of your own cats?

yes

Do you have a written application for a potential buyer?

yes

Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.

We are a small in-home cattery in northern NJ, USA, raising and showing TICA and CFA registered Devon Rex. With more than 20 years of cat show, breeding and rescue experience, we are happy to answer your questions about this unique and enchanting breed.

We work with all colors and patterns. Our goal is to produce healthy cats with active, sociable, inquisitive temperaments. We breed to the physical show standards of CFA and TICA and are members of the Devon Rex Breed Club (DRBC).
