Cattery Name

Sunbridge Devon Rex Cattery

Do you show your cats? At what shows (for example, CFA, TICA, FIFe)?

I currently show in TICA & CFA in and around the state of Florida.

Please describe your experience with breeding cats.

Started breeding in 2015, worked with an established breeder (Ciandor Devon Rex) My first Devon also came from her as well.

Breeding cats are screened for the following:

- HCM bi-annually
- PKD
- CMS
- FeLV
- FIV

What age do you release a kitten to a new owner?

After 14 weeks of age or later depending on the kitten.

What is your Spay/neuter policy? Planet Devon recommends desexing before releasing a kitten to its new owner. Please provide your reasoning if that is not your policy.

All kittens are sold with a spay/neuter contract to be done by 6 months of age.

Microchipping offered?

yes

Declawing policy (describe)

NO! declawing is allowed, this is also written into my contract.

What is your immunization schedule for kittens?

Breeder will have completed all the age appropriate vaccinations, de-worming, FeLV/FIV Testing, Fecal Testing, and valid health certificate or health document (completed by Breeder's Veterinarian) before sale.

Do you offer a contract or health guarantee to a buyer?

yes

Please describe your shipping policy and practice.

Yes, I do ship in the USA & Canada. I do not ship cargo, but will fly with a kitten/cat to it's new family or meet the new family at the airport for pick up. I also work with a pet nanny.

Do you offer assistance with return, rescue or re-homing of your own cats?

yes

Do you have a written application for a potential buyer?

yes

Please tell us a little more about your cats or your breeding practices. For example, are you interested in offering breeding/showing mentorship? What colors do you work with? This information will be placed on your breeder profile page.

Welcome to Sunbridge Cattery! We are a small Devon Rex Cattery located in North Central Florida.

Here at Sunbridge Cattery we strive to breed cats that fit the TICA and CFA breed standard. All cats are genetically tested for HCM, Felv/FIV, and blood typed.

Our cats are not caged and have free run of the house. They are well socialized with people and other animals. We actively participate in TICA and CFA shows as well as the Devon Rex Breed Club.

Sunbridge Devon Rex Cattery is registered with TICA.

Thank you for your interest in our cats. If you would like to be owned by one of these wonderful cats please contact us at sunbridge.devonrex@gmail.com.
